

### GL4500T Series

#### ESD Inspection Gloves - Finger Tip Coated

**ESD inspection gloves are worn when handling ESD susceptible items when cleanliness is a priority.**

Transforming Technologies ESD inspection gloves are designed to be worn when handling ESD susceptible items. They are made with a dissipative nylon to reduce charge generation. Polyurethane coated finger tips allow for a high level of tactile sensitivity and increases breathability. A seamless fine gauge knit and a finished rolled cuff are designed for comfort. Transforming Technologies' ESD inspection gloves may be laundered for repeated use. Sold in packs of 12 pairs.

Meets or exceeds requirements of ANSI/ESD S20.20 and ANSI/ESD S-6.1.

### Features

- Coated Finger Tips for Excellent Grip
- Breathable and Comfortable
- Fine gauge Knit Nylon and Carbon
- Finished Rolled Cuff
- Washable

#### Specifications:
